Freezing Temperature.

Washington, D. C., Oct. 20.—For Kentucky: Probably freezing temperature tonight. Saturday fair and cold.

To those not knowing that yesterday was to be a day of fasting and prayer within the bounds of the Louisville Conference, the ringing of the Methodist church bell at half past five in the morning was a surprise, some imagining a fire was raging.

DIDN'T STOP HERE LONG.

President and Directors of I. C. Only Passed Through
Hopkinsville.

BIG DISAPPOINTMENT.

People Would Have Gladly Met the Railroad.
Magnates.

There was a feeling of disappointment when it was learned late Thursday afternoon that the President and part of the directory of the Illinois Central railroad would not come into the station and not stop over for awhile. Had they done so, a delegation of representative citizens would have met them and shown them round the city, treating them as courteously as possible.

The officials, in a special train of six cars, were on their way from Indianapolis to Nashville, where they were to investigate matters pertaining to the Tennessee Central. As to what is to be done with the Tennessee Central is not positively known outside of railroad circles, but it is reasonable to suppose the matter will be definitely settled after the return of the officials from Nashville.

The visiting millionaires were: Stuyvesant Fish, President, N. Y. John Jacob Astor, New York. Chas. Peabody, New York. John C. Wellington, New York. W. Morton Grinnell, Chicago. Walter Lutzien, New York. John W. Auchincloss, New York. Charles M. Beach, New York. J. T. Harahan, Chicago. Cornelius Vanderbilt, New York. J. M. Dickinson, Chicago. Chas. S. Denen, Springfield, Ill., governor of that State and director of the Illinois Central ex officio by virtue of his position.

At Nashville the party was met by the mayor and business men of the city. The American says that President Fish would officially make known the intentions of the I. C. in regard to the T. C. It is generally believed that the I. C. will take the western division of the T. C. from Nashville to Harriman.

Hopkinsville is not particularly interested in that part of the road. But we will be glad to see official announcement that the T. C. is owned from here to Nashville by the I. C. Everybody is a friend to the I. C. and would rather see it part of the I. C. system than any other. It is progressive in its methods and fully able to carry out any plans it may devise. Great, great things were expected by our citizens when they voted a subsidy to bring it here in 1888. We have been greatly benefited by it and believe there are many other good things in store for us.

As we have said it was a disappointment to our people when it was learned that the special train would only stop here about three minutes—or rather would come no farther than the Y where it would attach another car and speed on its way to Nashville.

There are quite a number of things that our people would like to talk over with the officials of the road, especially a bridge over the river at the foot of Ninth street. Both the city and railroad need this. As to a larger and better arranged passenger station much might be said for the present building is altogether inadequate. More track is an absolute necessity. This can be had by going over the river. The company is now owner of the property known as "Mercer Park," and it was hoped that our people would have an opportunity of a face-to-face talk with the gentlemen who failed to give us a call yesterday.

We wanted to throw open the gates of the city to them for awhile and let them know what a big little

Band Master Randall and "Demona" Get Married.

Otto D. Randall and Miss Jessie Pearson, members of the Parker Amusement Company, which furnished the attractions at the recent carnival held here, were married in Clarksville one day last week. The wedding was kept secret until Thursday, when it was publicly announced at Jackson, Tenn., where the company is spending the week.

The groom is the leader of the band, which furnished music for the amusement company and also performs in the Coliseum as one of the crack rifle shots. His bride is the young woman who performs under the name of Demona and loops the loop in a hollow ball.

GEO. W. MEANS DEAD.

Former Citizen of Hopkinsville Expires In Indiana.

Mr. Geo. W. Means, of Charleston, Ind., a native of this place, died Thursday afternoon of uremic poison. Mr. Means was born here July 18, 1840, and in 1868 was married to Miss Bernice Lander, a sister of Mr. J. W. Lander of Church Hill. In 1883 he moved to Louisville and in 1897 went to Charleston, 13 miles from Louisville, where he operated a large stock farm.

He leaves one son, Harry L. Means, formerly a reporter but now an attorney of Louisville. Mr. Means leaves a number of near relatives in this city, including a brother and several sisters. He will be buried at Charleston today.

There is a rumor that the Elks have bought the block on Ninth Street and it will be converted into a home for the fraternity.

TOBACCO CROWERS

In Their Big National Meeting at Owensboro, Kentucky.

NINE STATES THERE.

Monster Parade a Feature and Many Prominent Speakers.

The second annual convention of the National Tobacco Growers' Association met in Owensboro this week. Delegates were present from the states of Kentucky, Tennessee, Virginia, North Carolina, South Carolina, Ohio, Indiana, Wisconsin and Pennsylvania. It was as fine a body of men as was ever seen in Owensboro, so the Inquirer said. The delegates numbered about 450.

The association was called to order in the Grand theatre shortly after 10 a. m., Wednesday, by President E. L. Davenport, Secretary C. Hays Taylor, of Indianapolis, was seated to his right. On his left sat Mayor Yewell and Rev. F. M. Thomas.

There were several speeches and committees were appointed. In a big parade Thursday delegates from the various states marched together and at the head of each state delegation was carried a large banner. These banners bore artistically printed and appropriate mottoes. The Kentucky delegation had the first place and carried a banner bearing the inscription, "Kentucky Leads the Way." The Tennessee delegation followed with a banner on which were the words "Tennessee is With You." Other banners were: "Wisconsin Demands Equity," "The Carolinas Are Coming," "Ohio Leads Her Hand," "All States Are Welcome," "Farmers to the Front," "United We Stand, Divided We Fall." Virginia, West Virginia, Maryland and other states were represented in the convention with appropriate banners.

Congressman Stanley spoke yesterday afternoon and Congressman Ollie James was expected to deliver the closing address last night.

Other speakers of prominence were Col. Jno. S. Cunningham, of North Carolina; Capt. W. T. Ellis, H. B. Sherman and Joel B. Fort.

STATE CONVENTION

Of Universalists Being Held at Crofton.

The semi-annual State Convention of Universalists is in session at Crofton. Nearly all of the churches of the state are represented at the meeting, which began yesterday. The Rev. J. W. Caldwell, of this city, preached the opening sermon. Devotional exercises will be held at 9:30 this morning, led by Mrs. Ellen Boales, of Crofton, after which the convention will be called to order by the president, delegates will be enrolled, report of delegates will be heard and committees will be appointed. The welcome address will be delivered by Mrs. Rogers and the response by Mr. W. T. Davis. The sessions will last over Sunday, but all of the business of the convention will be transacted today.

Wedding Is Off.

One of the couples whose approaching wedding was announced in the Kentuckian this week will not be married as arranged. A change has taken place in the program. The wedding was to take place before the 15th of November, but it is understood that the bride-to-be has changed her mind. You can't most always sometimes tell what will be the final decision of a woman or a petit jury.

Rev. E. H. Bull, of the First Presbyterian church, will preach at the Christian church tomorrow night.

VICTORY IN THE AIR.

The prospects of victory for the county Democratic ticket are daily growing brighter. The Republican ring is growing almost panic stricken and Democrats and anti-Republican are growing more confident every day. In spite of a Republican majority in the county under normal conditions, the result of the election is now conceded to be very doubtful. Democrats feel confident that the chances of success are in their favor.

The Democratic ticket is proving to be one of many elements of strength.

Judge Polk Cansler, a life-long Republican, heads the ticket for County Judge, and this fact is very disquieting to his former associates. They know his strength and ability as a campaigner, and well may they fear him. He expects to get at least 1,000 Republican votes, as he is the recognized leader of the anti-Republican, and his presence on the Democratic ticket is proving to be a great source of strength. He supported the Democratic Fusion ticket in 1901 and, though on the ticket himself, was the leader of 600 anti-Republican who voted with the Democrats and came within less than 200 votes of winning. Judge Cansler deserves the vote of every Democrat, not only for the good work he is doing in this campaign, but for the loyal support he gave the Democratic candidates four years ago. The indications are that he will get one of the largest votes ever received by any candidate for a county office in the county.

In the stunning features of the campaign, John C. Duffy, the nominee for County Attorney, has taken the lead, and his aggressive and fearless arraignment of the ring and the methods by which it has grown rich and arrogant, has been a revelation to the people. He has developed into one of the most effective campaigners in Western Kentucky, and he is almost sure to win, if any man on the ticket is successful.

For County Sheriff, the Democrats were very fortunate in selecting Mr. David Smith as their candidate. He led the ticket in 1901 for Assessor and came within 177 votes of winning. This time he is many hundred votes stronger and unless the ring can turn the tide that has set in, he will be swept into office by 500 to 800 majority.

For County Clerk, Buckner Leevel is making a fine race. Possessing the advantages of wide acquaintance and unbounded energy and enthusiasm, he has been one of the most aggressive and effective campaigners on the ticket.

John G. Childress, nominee for Jailor, is one of the county's solid and substantial citizens, a strong party man and possessing all the necessary qualifications for making an excellent officer.

W. J. Murphy, the nominee for Assessor, has been another surprise

to the ring. A young man of modest mien, with mild blue eyes and curly brown hair, he hails from the Republican stronghold of Lantry's. He is a son of John N. Murphy, the old Democratic warhorse, and is a brother-in-law of County Judge W. T. Fowler, and is closely related to other strong Republicans. News comes that Mr. Murphy will almost sweep his end of the county clean and wherever he has gone he has made votes for the whole ticket.

H. P. Rives, from the extreme Southern end of the county, is the candidate for Surveyor, an office he is well qualified to fill.

Herman Southall, a rising young attorney, is the nominee for representative, and with Frank Rives for State Senator, the county stands the most excellent chance to be doubly represented in the General Assembly for the first time in years, and that too by two most deserving young men.

Attention has also been paid to the complexion of the Fiscal Court, and good men have been nominated in seven of the eight districts, the first district being conceded to the Republicans.

In the third and fifth districts, Esq. W. L. Parker and J. F. Dixon, two of the most useful members of the present court, have been re-nominated and will be re-elected, as they so richly deserve.

The other nominees are all new men. In the second district John M. Morris is the nominee, and so far is without opposition. With or without opposition he will be elected, insuring the court another good and capable member.

In the fourth district Walton Garrett is running against Henry Kelly. He is very popular with the voters of both parties and confidently expects to again overcome the Republican majority in the district, which is now represented by his uncle, Esq. L. O. Garrett.

In the sixth, another district normally Republican, Esq. M. B. King, a former member of the Fiscal Court, has consented to run, and he too bids fair to make a winning race. He is one of the county's best citizens, enjoys the respect and esteem of the people of his district, of all parties, and his nomination has greatly strengthened the whole ticket and caused many apathetic Democrats to take a personal interest in its success. Mr. King has a hard fight, but his friends believe he can overcome the big Republican majority of about 200.

In the seventh and eighth districts Frank Pool and Andie Estes, two strong and popular men, are making strides towards victory. Estes is in a close district but will win easily. Pool has a harder fight, but the majority against him is not so large that it cannot be overcome.

To sum up, Morris, Parker, Dixon and Estes are sure winners. Garrett, Pool and King are such strong probable winners that the coming landslide is liable to carry them in also. The ticket as a whole appeals strongly to the people for support and its election will give assurance of an honest and capable administration of county affairs for the next four years.

Now that papa has ruled that Miss Alice must pay custom duties on her presents, the \$100,000 worth of pearls, rubies, etc., presented by foreign potentates, have dwindled in value to measly little souvenirs worth, according to Secretary Taft, not more than \$150.

Things seem to be working towards a whitewash for Senator Burton, of Kansas, who was convicted of grafting. The indictment, on a rehearing, has been quashed as faulty and a new one ordered. The next grand jury may wield the whitewash brush.

A speechless politician at Owensboro has his powers of speech restored by a nomination for office. He may be dumb with amazement again when the returns come in.

Mrs. Mary B. Leigh, mother of Ed. O. Leigh, of Frankfort, died at her home in Paducah Tuesday, aged 72 years. She leaves five sons and one daughter.

The body of Sir Henry Irving, the famous English actor, was cremated and the ashes deposited in Westminster Abbey.

Johnnie Murphey, a Louisville boy, has "coffee heart" from excessive drinking of coffee.

James Farnsworth, aged 43, and Myrtle Whitwiller, aged 14, were married Monday in Louisville.

The Home Telephone fight in Nashville has been so completely won that Chas. Cohn, the new President of the city council, publicly declared his position at his election, although he had been a consistent opponent of the new company. The American says:

"After his election as President of the City Council Tuesday night, Chas. Cohn's attention was called to the fact that in all probability the ordinance of the Home Telephone Company would be introduced during the life of his Council and was asked:

"Do you favor the Home Telephone proposition?"

"I am of the opinion," said Mr. Cohn, "that the Home Telephone proposition with the conduit feature and carrying with it the amendments offered by Councilman Baskette, should be passed by the City Council and submitted to the qualified voters of the city of Nashville to make such disposition as they see fit."

Supplemental Registration days, Monday, Tuesday and Wednesday, October 30, October 31 and November 1. All voters in Hopkinsville, Pembroke, Crofton, Lafayette, Gracey and Fairview, prevented by sickness or absence from registering on October 3 may register by affidavit at the county clerk's office and qualify themselves to vote. Last chance.

Thos. W. Lawson has insurance proxies from policy holders that aggregate more than 15,000 and represent \$32,000,000 of insurance. These proxies are being sent to him to use in the ensuing election of officers. He may get control of the New York Life in this way.

The Kentucky State Medical Association held its 50th annual session in Louisville this week. Dr. F. H. Clarke, of Lexington, is the president.

Always alert to secure the newest and greatest, the Ringling Brothers, whose immense circus will exhibit in Hopkinsville, Wednesday, Oct. 25, present you a thrilling European acrobatic novelty in the famous six Glinerettis, now appearing for the first time in America. CONN LINN

Resigns as County Attorney of Calloway.

Murray, Ky., Oct. 18.—Hon. Conn Linn, county attorney, has tendered his resignation to County Judge Cutchins on account of his race for the state senate, having been nominated by the Democrats several months ago. His successor has not yet been named.

City Attorney Zeb Stewart, who is the Democratic nominee for the legislature, has also resigned his position as city attorney. Raney Wells has been named as his successor.

The Democrats here are preparing for a big rally next Monday. Congressman Ollie James will speak on the tobacco situation. A large crowd is expected to hear him.

city Greater Hopkinsville is, we wanted them to know as well what we want as what they need. In sense on interests are one, an opportunity to convince them of our willingness to meet them half way on any proposition for anything mutually beneficial has been lost—not by our fault, but the fault of the President and Directors. It was merely one of those little contempts of life that often blocks a big thing. And here we are, still hoping, still waiting.

The penal assistant general freight agent of the I. C. was with the party, joining it at Evansville. He comes here quite frequently, and is thoroughly acquainted with the needs of his road here. He has great influence by reason of the position he holds and is a man quick to see the things necessary here and some day will it be hoped do a good thing for us.

Facts About

Syringes.

There are two facts to keep in mind when buying a syringe:

I. Get one that can be depended upon—one with the latest improvements.

II. Syringes rot out oftener than they wear out. Get one that will last—one made of pure rubber.

We have syringes that will satisfy you in both respects. They are made from pure Pasco Rubber; are fitted with all the latest attachments and are guaranteed to be perfect, both in material and workmanship. Further, they will cost you no more than the inferior kinds.

The musical feature of Ringling Brothers' World's Greatest Shows has always been an important item in the enormous program. The concert before the ring performances begin is a delight to the musically inclined, as well as the larger element of the crowd which prefers tuneful numbers. Prof. Ganweller, the bandmaster, is a composer and soloist of distinguished fame and singularly gifted as a leader. The music written for the gorgeous spectacle, The Field of the Cloth of Gold, ranges from the deeply spiritual to floridly sensuous, and is rendered by the circus band of fifty soloists with a musical skill and effect that lends not a little to the delight of the production. This factor of music is one of the many excellent points which favorably separates Ringling Brothers' great tented exhibition from all others, and gives the firm name the universal distinction of "greatest."

THE FORTUNE TELLER.

At the Opera House Next Tuesday Night.

One of the strongest singing organizations on the road will be heard in "The Fortune Teller" at the Opera House, Oct. 24. The company is under the direction of Milton and Sargent Aborn, who have long been identified with comic opera of the higher class, and whose name is a sufficient guarantee of the merit of the production. In addition, it is announced that Alice Neilsen's lavish scenic equipment is used intact.

The costumes are of the most elaborate description, and the scenery, and electrical effects and other accessories quite in keeping with the rest of the show. Musically, "The Fortune Teller" stands out as the most tuneful score Victor Herbert ever wrote. While his numbers are at all times popular, they never descend to the trashy, and have happily been saved the fate of many more recent compositions that have been done to death by bands, orchestras and hurdy-gurdies. The book and lyrics are from the facile pen of Harry B. Smith, whose work in this line is too well known to need comment. Some of the best known names in the realms of comic opera are to be found in the cast of "The

GRACE ORR MYERS.
In "The Fortune Teller."

Fortune Teller" this season. Grace Orr Myers, whose triumphs as a prima donna and comedienne are familiar to all theatre goers, is seen to advantage in the dual role that first brought Alice Neilsen to the front, and it is said that Miss Myers is the only one who has been able to satisfactorily fill the parts formerly played by Miss Neilsen. In the hands of Miss Myers, as was the case with her predecessor, the title role of "The Fortune Teller" is a delight to both eye and ear. This part is most exacting from a musical, as well as from a histrionic standpoint, requiring a subtle comedy instinct, as well as a voice of power and wide range. The difficult basso numbers are well handled by Harry Turpin.

while Grafton Baker is captain in the tenor role. The comedy situations are in the hands of Milton Dawson, James McElhern and Herman Hirschberg. Others in the cast are Irene Langford, Irma Bell, Flossie Foreman, James Feeney, Charles Phillips and Ivy Davis.

\$5.00 SHOES FOR \$2.50.

The above sounds unreasonable, but 'as sure as 'gun's iron' it's literally true. The United States government is changing its army uniform from tan shoes to black, and are disposing of all stocks on hand. We were fortunate enough to get 1200 pairs; sizes 7, 8's, 9's and 10's only, in A, B, C, D and E widths. These shoes are all lace-made on a plain wide toe, very flexible welt soles, made especially for service and comfort on long marches. Every particle of leather that goes into these shoes was cut out of the heart of the hide. You can't find a piece of flanky or spongy leather as big as your thumb nail in the entire 1200 pairs. Every pair has the name of three United States Government Inspectors stamped on the sole, heel and inner-sole, showing the rigid inspection every shoe must pass before it is accepted.

It is the greatest shoe opportunity we have ever offered since we have been in the shoe business, and the people will not be slow to accept it. We received these shoes on Monday morning, October 16, and during the day sold over 200 pairs, and the first letter we opened this morning, Tuesday, was an order for four pairs from Mr. R. D. Glover, of Trenton. We mention the above merely to prove to you that it will be unwise to delay if you would like to have a pair of Uncle Sam's army shoes worth \$5.00 for \$2.50.
